

# 15 MINUTE SALES Oct. 7-8-9-10th

Instead of maintaining our iron clad rule of holding special prices in fifteen minutes sales strictly to that period we shall during the Korn Karnival put our stock on sale any time during the day at the same prices that prevailed during the fifteen minutes sale.

Persons who have viewed our stock during these sales are greatly impressed with the wonderful values we offer. Our goods are all marked in plain figures and during the sale we cut prices just in half. You are just as welcome to inspect the stock whether you wish to buy at the present time or not.

We can assure you that we can show you the largest assortment of furniture, carpets, blankets and stoves in the city.

# BOY KILLED BY AN N. & W. TRAIN; MAN ESCAPES

## CROSSING BACK OF HOSPITAL IS SCENE OF A TRAGIC ACCIDENT

The life of a colored boy, Aaron McKinney, 10 year old son of Mr. and Mrs. Alex McKinney of 1211 Findlay street, was sacrificed in a railroad crossing accident that took place immediately north of the city at 11:30 Tuesday morning and Bud Hale well known cattle dealer of Greenup narrowly escaped a similar fate when passenger train No. 16 N. & W. ran down a one seated buggy, which McKinney was driving. The boy was killed instantly, his skull being crushed. His body was found wedged in the pilot of the engine that proved a death messenger to him. Hale was struck by the engine and he was buried fully 25 feet, but fortunately cleared the tracks. He was bruised about the head and shoulders but was able to go to Dr. S. S. Hulderman's office, where his injuries were dressed. The buggy was demolished, but the horse escaped without a scratch.

Realizing that the youthful victim's body had been killed by the boy and the horse and buggy would not get across the tracks safely so rapidly was train No. 16 bearing down upon them, that Hale risked his own life by dashed back to the rig. He vainly tried to stop the horse, but the horse kept on coming and in a twinkling the engine hurled the boy to eternity.

It was a cruel twist of fate that sent the McKinney boy to a tragic death. As Hale was driving some cattle through the North End Tuesday morning the boy ran out and urged Hale to give him a ride. Hale consented and the ride, he was employed by the N. & W. were eye witnesses to the accident. They are employed with the signal road.

Passenger train No. 16 was in charge of Engineer George East, Fireman John Wiggers and Conductor Elliott. Assistant Road Foreman of Engineers Luther Hulke was riding in the cab of the engine and witnessed the accident. It took place at what is known as the Old Distillery crossing, which is just at the north end of the city and immediately back of the Hengstfeld home, son, Aaron McKinney not returning. Bud Hale came to Portsmouth home for dinner, McKinney called at the死家 to see and he was driving him to the victim was his son. It is probable near the distillery when quired but a glance at the life, the accident took place.

# REPUBLICANS OPEN THEIR CAMPAIGN IN SCIOTO COUNTY

## Big Rally Will Be Held Tonight

The Republican campaign in Scioto county was formally opened Tuesday when fifteen automobile bearing candidates for various offices and their friends made a swing through Lucasville, Harrisonville, South Webster, Wheelersburg, Sciotoville and New Boston.

The novel trip will end with aousing big meeting at The Club on Fourth street near Court tonight at 7:30 o'clock. The speakers will be Hon. Ralph D. Cole, Hon. Charles Q. Hildebrandt, candidate for secretary of state, Hon. Edward P. Turner, state attorney for attorney general and Hon. Charles C. Kearns, candidate for congress from this district.

At each village the speakers were greeted with much enthusiasm and the promoters of the invasion of these places by automobiles felt well repaid for suggesting such a cross the county stampede. At the last moment a switch in the list of speakers had to be made owing to the non-arrival of Edward C. Cole and Charles Q. Hildebrandt. It was announced by the executive committee of the Republican campaign this afternoon that Mr. Hildebrandt and Mr. Turner will be on hand for tonight's meeting. They are due to reach the city on the 7:30 N. & W. train. The River City band will furnish music for the big political gathering and it will march from the Washington Hotel to The Club.

### THE MARKETS

Chicago, Oct. 6.—Strength developed in wheat today after a temporary setback at the start. Bullish sentiment was based to considerable extent on assertions that export business was of greater volume than had been generally believed. The initial weakness resulted mainly from selling pressure by a leading house. Prices which opened 3-8 off to 1-4 up, suffered a moderate decline and then rose to well above last night's level all around.

Corn swayed with wheat. Transactions were only of a scattering character. After opening unchanged to 1-8 to 1-4 lower, the market scored a slight general gain.

There was only a fair demand for oats. Prices followed the course of other grain.

Provisions went lower with hogs, which were depressed by large receipts throughout the west. Demand was almost wholly from shorts.

Chicago, Oct. 6.—After a decided break occurred in wheat owing to a large increase of the total of stocks on hand in the United States and Canada. The close was weak, 11-4 to 13-8 not lower. Subsequently the market sagged in corn as a result of predictions that the government report tomorrow would show an increase 5,000,000 bushels in the indicate yielded. The close, however, was steady 7-5 to 7-6 of 1c under last night.

Mayo Davis turned in \$121,85 collected for lines during the month of September. This is the largest amount turned in by any mayor that ever held the chain in the village. The mayor has turned over more money in his first six months of office than any other village mayor ever did in a whole term.

On the right bank of the Ohio River, Oct. 6. The following official communication was given out in Paris this afternoon:

"On our left wing, the front is receding more and more widely. Very important masses of German cavalry have been reported in the environs of Lille, coming from the rear of the enemy, which are making a movement in the region to the north of the line between Bourbourg in the Department of Pas de Calais, seven miles northeast of Lille, and Arras and Amiens, nine miles southwest of Lille.

"In the vicinity of Arras and on the right bank of the river Somme the situation shows little change. Between the Somme and the Oise there have been alternate advances and withdrawals. Near Lassigny the enemy understood, in

the afternoon, that the American advance through Picardy was slow but satisfactory.

The order was addressed to the American Ambassador at Washington and was relayed here.

## A MOTHER'S HOPES AND ANXIETIES

Until the first grade card is brought from school, each mother's heart will be filled with hopes and fears for the expected school advancement of her children.

Have you left undone any duty that might change these hopes to certainties?

What about good VISION—most necessary of all the child's equipment?

Defective eyesight is too great a handicap for any child to carry through school; yet one in every four suffers from it.

Making sure costs little. Neglect may mean much.

Now at the beginning of the school year, would be a good time to have your children's eyes examined for which we make no charge and recommend glasses may when necessary.

## Picking Up Money

Using these columns is pretty much like picking up money on the streets. Walking in small effort, you wear out a little leather, the money you pick up is clear gain, if you can't find the owner.

So it is little effort to telephone your "want" to this paper, your carrier will collect the little cost—only 2 cents a word each insertion—and the little ad is altogether likely to get for you what you want.

## TONIGHT! - The Exhibit - "The Million Dollar Mystery"

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Fullerton, Ky., Oct. 5, 1914.  
Dear Dolly.—How can I enter in the masked party?

WANT-TO-BE.  
Be at the corner of Second and Market streets Saturday night at 7:30 o'clock and get in line with the other marchers. That's all there is to do.

Dear Dolly.—Do ladies ever wear the feathered head-dress on my occasion?

BARBARA.

I'm not familiar enough with Indians to know what they wear along very well. One of them bald headed bachelors has almost got my time heat. Please advise me if I should keep trying to go with a girl that cares more for a bald headed man of 35 years old than for me. I'm just crazy about this girl and she is crazy about the other man. Dear Dolly please tell me more of them bald headed men how to grow hair or I never will get a wife.

UNCLE DUDLEY.

Let the Bald Headed Bachelor have her. It might be his last chance. You have plenty of time to find a wife before you are 35 years of age.

Dear Dolly.—I am 18 years of age and keeping company with a boy whose home is in Tennessee though he is very nice and has many friends of most prominent people in Portsmouth. I accuse him of being married. How can I find out?

POSITIVE MARY.  
Get the names of some of his friends down in Sunny Tennessee and write and ask them all about him. That's easy, Mary.

Dear Dolly.—Why don't you answer questions regarding movies? It would make your column the best in the paper.

MOVIE FAN.

I have answered all questions concerning the movies that have received thus far. However this column is not intended for spelling is pretty good.

THE BUNCH.—A man is not compelled to give up his seat to a woman unless he wants to. However, it is a very courteous thing to do, especially in the case of an elderly woman, or one with a small child to look after.

## Will Boston Braves "Crack?"

New York, Oct. 6.—Those who are looking for the Braves to crack during the world series may be just as greatly disappointed as was John McGraw.

The theory that a good ball team will go to pieces in an important series was exploded long ago. And so has been the theory that a star ball player will crack under the strain and excitement and put up a miserable exhibition.

Look over the records of world series players and world series teams, and you will find that with rare exceptions, the best team always has grinded the bunting and that the star players have shown just as brightly in a world series as they did during the regular season.

Eddie Collins, Fred Baker and Jack Barry, of the Athletics, are fine examples of the exploded theory. The trio has batted just as brilliantly during the world series games in which they have figured as they did in the regular season. They have been in the big league, their have done better.

In the 1910 world series Collins hit for .429, Baker for .409 and Barry for .235. Barry during the series hit to his normal average, while Collins and Baker hit above theirs. Strank, in 1910, hit .275 during the series, an average that he has maintained throughout his big league career.

In 1911 Collins hit for .286. That was below his normal average. One more hit would have placed him well over the .300 mark. He was ruined of that hit by a sensational catch by Murray of a drive that bailed him a sure triple. Baker, that year, hit .375, while Barry clapped ten for .308—over 100 points beyond normal.

In 1912 Tris Speaker, the Boston slugger, got a .30 average out of the series which was a trifle below normal. The other Red Sox hit around their normal averages. Meyers, the Giant catcher, hit for .375 during the 1912 world series. The other Giants batted around normal.

In 1913, Baker hit for .450, Collins .421, Schang, .357, Barry .306 and Oldring for .373. Those averages were above normal, showing that in the Athletics case, at least, the good hitters, sometimes play better baseball during a short world series than they do.

James A. Gilmore of the Federal

during the regular season, Ty Cobb is one example to the contrary. The great Tiger batters as they do during the regular season from three world series that season. Mathewson's 1912 record, of course, is the big exception. But it wasn't due to temperament. Matty worked in three games and failed to win. He lost.

Georgian simply happened to fall two. The other was tied. But in each season, and he could lead looks. His pitching skill was end of each season, and he could lead looks. His pitching skill was just as prominent during all of a showing in the world series.

It's the same with the fielding

The finished fielder comes out of a series with a fielding average for the Red Sox robust him of just about on a par with that of Victory.

The importance of such a series never has caused any great difference in world series combats. This year's game put up by a player will make the fifth. Take their

combs are just about equal to find that they total around their grand averages covering all grand average for all the years their years in baseball.

### OPEN GAME THIS YEAR

Open football is to rule on the eastern intercollegiate gridiron this year as it has on western fields for many years.

Three of the preliminary games with which the 1914 season in the east was opened a week ago demonstrated this. Princeton, Yale and Harvard won their opening

drive that bailed him a sure triple. Baker, that year, hit .375, while Barry clapped ten for .308—over 100 points beyond normal.

In 1912 Tris Speaker, the Boston slugger, got a .30 average out of the series which was a trifle below normal. The other Red Sox hit around their normal averages. Meyers, the Giant catcher, hit for .375 during the 1912 world series. The other Giants batted around normal.

## NO PEACE OVERTURES COMING FROM AMERICAN

Chicago, Oct. 6.—Organized baseball has made no overtures to the Federal league for the establishment of peaceful relations, nor will it make any, President Van Johnson of the American league said here last night.

Reports that certain club owners of the American league had held a conference with President

James A. Gilmore of the Federal

organization recently to bring about a settlement of the baseball war were characterized by Johnson as "pure tommy rot."

We have the greatest tobacco organization in the world and are in business to stay in business—by giving the best value. **FIVE BROTHERS** is only one of our many brands, but like all it is the "biggest quality—biggest quantity" of its kind sold.

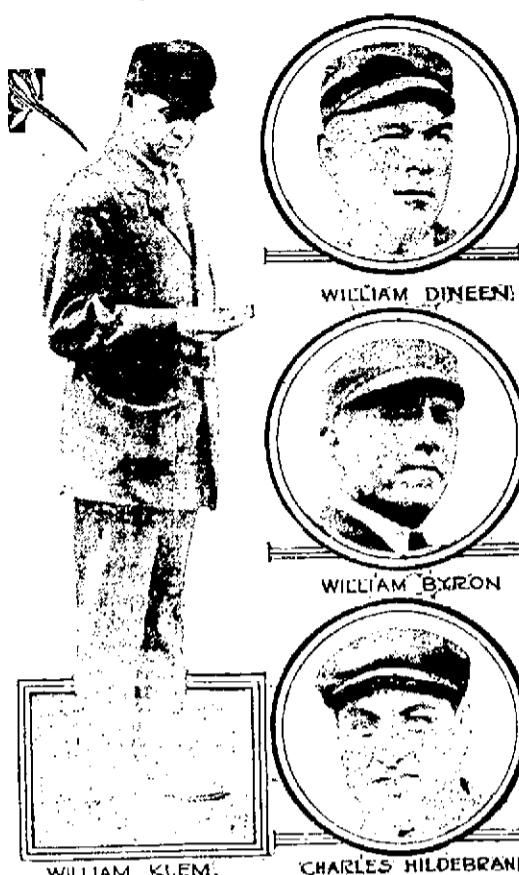

We sell the tobacco heavy in this country that **FIVE BROTHERS** is the best for them on the market. They know the facts and our statement.

### Umpires for the World Series.

## Few Changes In Athletic Team

The team the Athletics will send against the Braves will be in all probability the same nine men who started in the 1913 series against the New York Giants, barring accidents. Chief Bender is looked upon as the sure money pitcher and there is no doubt that he will be sent in with Wally Schang on the receiving end. The Athletics, while the players are as young in years, form a truly veteran world series team. With the exception of Eddie Murphy and Schang, all the regulars in the 1914 series played against the Giants in 1913. Bender and Plank, along with Harry Davis, Mack's lieutenant, who occasionally goes into a game as a pinch hitter, played in the world's series against New York nine years ago.

Physically the world's champions will go into the series in good condition. "Home Run" Baker, who has been below par during part of August and September, has rested and will be in good trim to worry the opposing pitchers. He had been suffering from a cold and later from a wrenching side. His hitting gives strength to this estimate. He was affected but refused to lay off while the championship race was undecided.

The champions are well provided with utility men. Walsh, who lasted the entire game, All have

## MOTHER OF SCHOOL GIRL

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Daughter's Health.

Plover, Iowa.—"From a small child my 18 year old daughter had female weakness. I spoke to three doctors about it and they did not help her any. Lydia E. Pinkham's Vegetable Compound had been of great benefit to me, so I decided to have her give it a trial. She has taken five bottles of the Vegetable Compound according to directions on the bottle and she is cured of this trouble. She has all run down when she started taking the Compound and her periods did not come right. She was so poorly and weak that I often had to help her dress herself, but now she is regular and is growing strong and healthy."—Mrs. MARTIN HELVIG, Plover, Iowa.

Hundreds of such letters expressing gratitude for the good Lydia E. Pinkham's Vegetable Compound has accomplished are constantly being received, proving the reliability of this grand old remedy.

If you are ill do not drag along and continue to suffer day in and day out but at once take Lydia E. Pinkham's Vegetable Compound, a woman's remedy for women and sold in strict confidence.

# ALL IS READY FOR THE JOHN PARADE; ALL JOHNS MEET AT JOHN AND 7TH FRIDAY NIGHT

## NEW BOSTON COUNCIL HAS A BUSY SESSION

The John Parade committee was in session last evening at Korn Karnival headquarters and made final arrangements for Friday night's gathering of these distinguished members of the population.

A list of old Johns was handed in and conveyances provided for them. If men should apply they should send in their names and street addresses not later than Thursday afternoon.

Messrs. Simon Fabrold, Fred N. Tynes and Wells A. Hutchins were appointed to judge the Johns, the oldest, ugliest, prettiest, etc., and in their hands lies the distribution of the handsome prizes allotted by the Korn Karnival directors.

The John committee would like to have Johns who have thought up a feature for the parade to report the same to John Grimes, east Steel company, so that there will be no duplication of features except those worn by the several Johns.

There will be no further meeting of the John committee prior to the gathering of the Johns at the corner of John and Seventh, Friday night at 7 o'clock. Try to be there on time, John, so that there may be no delay in getting the parade formed and moving by 8 o'clock sharp.

The Kentucky and out-of-town Johns should remember that a place in the parade will be provided for them and they are being counted on to swell the parade to a great degree.

# LET EVERYONE IN CITY BOOST FOR PEERLESS

The second annual Korn Karnival will begin tomorrow and last through Saturday. Everything possible has been done to make it a success, and

only favorable weather is needed to make the occasion one that will write history for Portsmouth. The Times knows that every citizen will

do his or her share toward making the visitors feel at home, and send them away with a desire to come back next year.

On the eve of the opening of the carnival, however, it may not be amiss to remind all not to lose any chance to impress upon visitors the ad-

vantages of Portsmouth. There is no desire to withdraw trade from any other section, but Portsmouth is as entitled to all the trade in her section,

as are sister cities of the trade of their communities. No more favorable time could be found to advance the "Buy At Home" campaign. Ports-

mouth stores offer such values that it is to the advantage of all in this community to patronize them.

Boost the "Buy At Home" campaign by inviting your visitors to inspect Portsmouth stores, whether they purchase or not.

## DOCTOR FOUND DEAD IN BED

Dr. H. C. Ferguson, prominent physician and pharmacist of Carter, Ky., and who had reached the advanced age of 74 years, was found dead in bed at the home of his only son, Herbert Ferguson, Selby shoeworker, who lives in the rear of 1122 Eighth street, Tuesday morning at 6 o'clock.

Dr. Ferguson came here about a week ago to visit his son, and also consult local physicians relative to his condition, he having been feeling poorly since last winter, when he was attacked by illness while a guest at the Arlington Hotel.

## Paid Tribute To Jimmy Brennan

James W. Faulkner, noted political writer of the Cincinnati Enquirer in his Sunday correspondence paid a fine tribute to a popular Portsmouth citizen and incidentally to the men in the ranks generally. The article was as follows:

"The fact that James P. Brennan, who runs the ferry at Portsmouth, resigned this week from the Democratic county executive committee there after a continuous service of 25 years as a party councilor, brings into view

the fact that these lofty dome-

reformers who are always snapping

and snarling about partisan or-

ganizations do not know every-

thing. Brennan began his service

in the year that James E. Camp-

bell made his race for governor

and defeated Joseph B. Foraker.

He has taken part in every cam-

paign since that event, and for

that reason brought himself in

to the reformers' category of

party hacks. Yet all that he ever

did was consistently to remain

loyal to a chosen political party

in fair weather and foul, follow-

ing the standard bearer put up

by the majority and not following

the lack of lanterns. Bells carried

by rums pushed away from the

trough by the larger swine. And

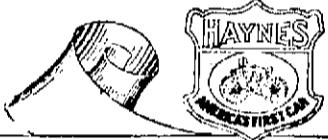

Mr. and Mrs. A. R. Maxey, of

Chillicothe street, are ill with grip-

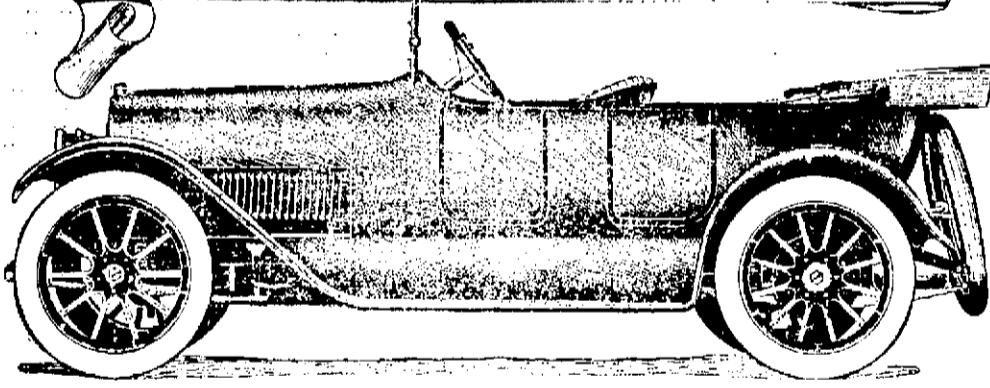

pe.
